

Notes to self

- . Exploring elements :
 - . Rectangle
 - . Item
 - . An invisible visual item : docs
 - . Text
- . Flow :
 - . Start by Item
 - . Put in the little colored rectangles
 - . Show that you can manipulate their positions just by playing with the container invisible item
 - . Show the docs for Item and all the properties
 - . Put in the beige rect to fill the entire invisible item
 - . Show Text

Rectangle, Item and Text

Rectangle, Item and Text

```
Item {
    id : containerItemId
    x : 150 ; y : 50
    width: 600
    height: 300

    Rectangle{
        x : 0
        y : 10
        width : 50
        height: 50
        color: "red"
    }

    Text {
        x : 100
        y : 100
        id : mTextId
        text: "Hello World!"
        color: "red"
    }
}
```
